# EARTHQUAKE DEDUCTIBLE BUY-DOWN

Cansure's Earthquake Deductible Buy-Down product is designed to be written as an extension to an existing Cansure policy, or as a stand-alone policy over any insurance policy. Today, the minimum earthquake deductible on an insurance policy can be as much as 20% of the policy limit. With this coverage, you can buy the Earthquake deductible down to as low as \$2,500.

This product is available for properties located in British Columbia, and Earthquake coverage must be carried on the primary homeowners' policy.

## HIGHLIGHTS & FEATURES

- Buy down an earthquake deductible to as low as \$2,500
- Built in margin clause where the replacement cost of the building increases because of an appraisal (up to 10%)
- Policy wording follows and references earthquake coverage provided by the overlying property policy, subject to policy terms and conditions
- Available as an extension to your Cansure policy, or as a stand-alone policy
