

PROSURE MD

LIABILITY COVER FOR MEDICAL DEVICES USED IN HOSPITALS OR BY HEALTHCARE PROFESSIONALS

Cansure's PROSURE MD liability insurance provides coverage for companies involved with the design, development, manufacture or distribution of medical devices used in hospitals or by healthcare professionals.

The manufacture and sale of medical devices is a huge responsibility with companies facing a complex set of risks such as injury to a user, the product failing to work, or the potential for patent litigation. Our insurance policy provides clear coverage, offering individual insuring clauses for the wide range of exposures these companies face; all in one easy-to-understand policy.

B033.1 (April 2018)
